

Grange, Co. Sligo.

Project Engineer

If you are interested in joining an exciting company within Europe's largest industry then SF Engineering may be right for you. As one of Ireland's leading manufacturers of products and solutions for the food industry, a career at SF is beyond what you'd expect. At SF we realise that our employees are one of the keys to our success. We look for individuals who share our passion to succeed.

As a leader in our field, we are growing rapidly and have a number of exciting positions available at our Sligo site in the west of Ireland, including that of a Projects Engineer.

The Projects Engineer will be required to work with the Sales, Design and Manufacturing Teams and the Customer to ensure that a high quality manufacturing solution is delivered.

Specifically, you will be responsible for:

- Working with sales and the customer to develop innovative solutions
- Liaising between the customer and the manufacturing and design teams
- Leading projects through the Engineering Gate Processes to ensure that they are completed on cost, on time & to specification

We are looking for someone who has a Degree in an Engineering discipline and/or proven related experience:

- 4 + years' experience in a comparable project engineering or project manager role
- Relevant experience in a Manufacturing Design Office, Solidworks an advantage
- Food industry experience an advantage
- Excellent written and oral communication skills
- Available to travel
